## Coordination Of Benefits

---

What does “Coordination of Benefits” (COB) mean?

Your CommunityCare health plan has a COB provision. This provision applies when **you or your dependents are covered for benefits under more than one health plan.**

It is the responsibility of our members to advise us of their participation in any other health plan. CommunityCare will request information from you about other health coverage during your initial enrollment and then annually at your group’s renewal.

If a response is not received within the required timeframe, CommunityCare may hold payment of your claims until we can confirm the possibility of dual coverage for yourself or your covered dependent. Please be sure to respond to the COB request in a timely manner to avoid any disruption in your claims payment.

The COB form can be found on the CommunityCare website: <http://fop.ccok.com>.

You can return the form by mail or by calling member services at (918) 594-5201 or (800) 777-4890.

### **No Referrals!**

CommunityCare members may set up an appointment with specialty care physicians in their network **without a referral** from their primary care physician (PCP).

### **Emergency Care**

If an emergency threatens life or limb, go immediately to the nearest emergency room. If you receive out-of-network emergency care services, you may want to contact your PCP to coordinate any follow-up care.

### **Urgent Care**

You might need urgent care if your illness or injury is severe enough to need treatment within 24 hours. If you receive out-of-network urgent care services, you may want to contact your PCP to coordinate any follow-up care.

### **Preventive Care**

Preventive care services, including an annual physical, annual well woman exam are covered benefits.

# MedalistRx Variable Copay Program\*

## Pharmacy Benefit Outline

### PROGRAM DETAILS

Variable Copay Program is designed to combat the rising cost of brand and specialty medications. Self-insured employers and their employees can experience significant savings on high-cost brand and specialty drugs when enrolled in the Variable Copay Program. The total amount of a manufacturer's copay assistance program can be divided by 12 months to become the new monthly copayment for all patients on the drug or the copayment is adjusted to 100% of a drug's copay offset program and is not evenly dispersed throughout the year. This option provides 100% of the offset program savings for members who may not continue the therapy, terminate coverage or initiate therapy on calendar year program later in the year.

### VARIABLE COPAY PROGRAM

- Members will never pay more than standard plan copay for high cost brand or specialty drugs. For most medications with manufacturer copay cards support, member pays minimal or no copay compared to not using the manufacturer copay card as secondary transaction.
- Not all high cost brand and specialty meds have an associated manufacturer program - in these cases, only the standard Plan copay will apply.
- Manufacturer programs have maximum dollar limits and can change program details at any time. Once a member has used all manufacturer dollars, MedalistRx will adjust member's copay to \$0.00, if the variable program was utilized.
- Maximums (copay support allocation) reset at Manufacturer's program dates (generally Jan 1 each year, possible rolling 12 months from enrollment).
- Manufacturer's payments do not count toward the patient's deductible and or out-of-pocket maximum obligations.

\* Program effective 7/1/18
