Coordination Of Benefits

What does “Coordination of Benefits” (COB) mean?

Your CommunityCare health plan has a COB provision. This provision applies when **you or your dependents are covered for benefits under more than one health plan.**

It is the responsibility of our members to advise us of their participation in any other health plan. CommunityCare will request information from you about other health coverage during your initial enrollment and then annually at your group’s renewal.

If a response is not received within the required timeframe, CommunityCare may hold payment of your claims until we can confirm the possibility of dual coverage for yourself or your covered dependent. Please be sure to respond to the COB request in a timely manner to avoid any disruption in your claims payment.

The COB form can be found on the CommunityCare website: fop.ccok.com/forms.

You can return the form by mail or by calling Customer Service at (918) 594-5201 or (800) 777-4890.

No Referrals!

CommunityCare members may set up an appointment with specialty care physicians in their network **without a referral** from their primary care physician (PCP).

Emergency Care

If an emergency threatens life or limb, go immediately to the nearest emergency room. If you receive out-of-network emergency care services, you may want to contact your PCP to coordinate any follow-up care.

Urgent Care

You might need urgent care if your illness or injury is severe enough to need treatment within 24 hours. If you receive out-of-network urgent care services, you may want to contact your PCP to coordinate any follow-up care.

Preventive Care

Preventive care services, including an annual physical, annual well woman exam and an annual vision screening, are covered benefits.

Comments

- Deductible must be satisfied before Coinsurance begins, where it applies.
- Copayments do not apply toward the Deductible.
- Prescription drugs and non-covered items do not apply toward the medical calendar year Deductible.
- Expenses incurred during the last three months of the calendar year and applied to the current year's Deductible may be used to help meet the Deductible requirement of the next year.
- Any number of members of the family may combine to meet two times the individual medical Deductible to satisfy the family medical Deductible requirement.
- All covered medical out-of-pocket expenses are applied toward your medical out-of-pocket limit. Your total out-of-pocket limit equals your medical out-of-pocket amount plus your Deductible. Please note: Your prescription drug out-of-pocket expenses will accrue toward a separate prescription drug out-of-pocket limit.
- A calendar year is defined as the time period from January 1 - December 31.
- Deductible amounts and out-of-pocket limitations are separate for in-network provider and out-of-network provider benefits.

Out-of-Network Requirements

- All out-of-network provider calculations are based on the out-of-network fee schedule as described in your Handbook. The enrollee is also responsible for any amount charged by a provider in excess of the out-of-network fee schedule.
- Call the phone number on the back of your ID card before an elective surgery or 7 days in advance of a hospital stay arranged through a non-network healthcare provider. Failure to follow these procedures will result in eligible benefits for out-of-network hospital care or surgery being reduced by \$500.
- For emergencies, call your primary care physician for follow-up care.
- "Balance Billed Amounts" do not apply to out-of-pocket limitation.

Urgent and Emergency Care

It is important that you follow-up with your PCP within 48 hours of any Urgent or Emergent Care Services. This will allow your PCP to direct or coordinate all of your follow-up care. Follow-up care that is not arranged by your PCP may not be covered. Your PCP is available 24 hours a day, seven days a week.

If you have an emergency that is considered life or limb threatening, go to the nearest hospital or emergency room. After you have sought emergency care, please notify your PCP to arrange for any follow-up care that may be necessary. Forward any bills to CommunityCare Plus for reimbursement. Consult your Handbook for examples of medical emergencies.

MedalistRx Variable Copay Program*

Pharmacy Benefit Outline

PROGRAM DETAILS

Variable Copay Program is designed to combat the rising cost of brand and specialty medications. Self-insured employers and their employees can experience significant savings on high-cost brand and specialty drugs when enrolled in the Variable Copay Program. The total amount of a manufacturer's copay assistance program can be divided by 12 months to become the new monthly copayment for all patients on the drug or the copayment is adjusted to 100% of a drug's copay offset program and is not evenly dispersed throughout the year. This option provides 100% of the offset program savings for members who may not continue the therapy, terminate coverage or initiate therapy on calendar year program later in the year.

VARIABLE COPAY PROGRAM

- Members will never pay more than standard plan copay for high cost brand or specialty drugs. For most medications with manufacturer copay cards support, member pays minimal or no copay compared to not using the manufacturer copay card as secondary transaction.
- Not all high cost brand and specialty meds have an associated manufacturer program - in these cases, only the standard Plan copay will apply.
- Manufacturer programs have maximum dollar limits and can change program details at any time. Once a member has used all manufacturer dollars, MedalistRx will adjust member's copay to \$0.00, if the variable program was utilized.
- Maximums (copay support allocation) reset at Manufacturer's program dates (generally Jan 1 each year, possible rolling 12 months from enrollment).
- Manufacturer's payments do not count toward the patient's deductible and or out-of-pocket maximum obligations.
